1 INTRODUCTION
Western Adelaide Regional VET Programs are governed by the Western Adelaide Secondary Schools Network (WASSN), and managed by the Career Pathways Manager (in conjunction with the WASSN Vocational Pathways Group).

This document has been compiled to summarise operational decisions and procedures, and to assist Home Schools, Host Schools and Registered Training Organisations to manage programs at the school/organisational level. These Guidelines are reviewed annually, and include:
- mission and aims
- management
- schools involved
- program costs
- timetabling
- involvement of non-member schools
- programs delivered by RTOs
- student travel to and from Regional VET Programs
- regional places
- marketing procedures
- talent release
- online Regional VET management system (WebVET)
- Structured Workplace Learning (SWL)
- selection processes
- Unique Student Identifier (USI)
- responsibilities of Host and Home Schools
- privacy considerations
- timelines

2 COMMON TERMS
Common terms used throughout this document include:
- ASQA – Australian Skills Quality Authority
- DECD – Department for Education and Child Development (South Australia)
- Host School – the school offering (hosting) a regional program
- Home School – the school where a student is enrolled
- RTO – Registered Training Organisation
- WPLP – Workplace Learning Procedures
- SWL – Structured Workplace Learning
- STL – Subsidised Training List
- TGSS – Training Guarantee for SACE Students
- USI – Unique Student Identifier
- VET – Vocational Education and Training
- WASSN – Western Adelaide Secondary Schools Network
- WebVET – Regional VET Online Management System
3 MISSION
The mission of Western Adelaide Regional VET Programs is to provide year 10, 11 and 12 students in Western Adelaide schools with increased pathway options through the provision of a wide range of Vocational Education and Training (VET) choices.

4 AIMS
The aims of Western Adelaide Regional VET Programs are:
• to ensure that VET programs are part of the learning entitlement of all students, and that students have equitable access to programs that are part of their identified career pathway and SACE program.
• for students to have the opportunity to achieve their SACE while working towards a nationally-recognised qualification.
• for secondary schools in Western Adelaide to work collaboratively to provide a spread of programs across the region.

5 MANAGEMENT
The Career Pathways Manager manages the operations of regional programs in conjunction with the WASSN Vocational Pathways Group and the WASSN Principals group. The Career Pathways Manager also consults with school VET and Curriculum leaders and other relevant teachers and leaders as required.

The Career Pathways Manager manages guidelines, resources, marketing materials, timelines, training, website, online management system, communication and other tasks as part of the promotion, enrolment, delivery, administration and management of Regional VET Programs. The Career Pathways Manager is supported in this work by the Regional VET SSO.

The WASSN Vocational Pathways Group has a role in expanding and enhancing Industry Pathway Programs (IPPs) and VET programs available to students in Western Adelaide, providing advice on improving efficiencies in the management of Regional VET Programs, ensuring a ‘spread’ of programs and pathways across the region, and monitoring and evaluating the effectiveness of programs across the region.

Western Adelaide Regional VET Programs operate under the auspices of the WASSN Memorandum of Understanding (reviewed annually).

6 MEMBER SCHOOLS
WASSN schools that are part of this Memorandum of Understanding and participate in Regional VET Programs are:

• Adelaide Secondary School of English
• Findon High School
• Le Frevre High School
• Plympton International College
• Thebarton Senior College
• Warriappendi School
• Bowden Brompton Community School
• Henley High School
• Ocean View College B-12
• Seaton High School
• Underdale High School
• Woodville High School

These schools contribute to the annual running costs of Regional VET Programs, including costs for WebVET, SSO support and marketing.

7 PROGRAM COSTS
WASSN Principals have agreed that Home Schools will pay for the cost of VET programs for students if it is part of the students’ genuine career pathway and SACE. DECD Home Schools maintain the full-time enrolment of Regional VET students. Host Schools and Registered Training Organisations invoice Home
Schools for the delivery of programs (this may occur after the second week of a course) and Home Schools pay these costs.

Costs to Schools ( invoiced to the Home School by the Host School and/or RTO):
- For courses delivered wholly by a trained teacher from the Host School, the cost will be $300 per course per year ($150 per semester, $75 per term) (GST free).
- For courses delivered in part or full by an RTO on behalf of the Host School, the costs will depend upon the RTO Fee For Service (FFS) or Training Guarantee for SACE Students (TGSS) ‘gap’ fees negotiated.

Host Schools may also charge for extra training costs such as:
- RTO fees (GST free)
- Other training costs, eg a White Card or First Aid qualification (GST free)
- Consumables and resources (that are to be consumed during the course) (GST may apply)

Costs to Students:
- Home Schools will invoice Regional VET students for a $100 Regional VET Fee (GST free).
- Regional VET students may be charged for equipment/materials that become the personal property of the student (eg steel-capped boots, hairdressing kits, DCSI Relevant History Screening) (these may incur GST). Home Schools will invoice students/parents/caregivers for these costs.
- Home Schools are responsible for obtaining “commitment to pay” from students/parents/caregivers for these fees at the time that students apply for a course (using the proforma available on the WASSN website (www.wats.sa.edu.au)).
- If a student withdraws from a course for no valid reason, the Home School may request that the students/parents/caregivers pay the full course costs.

Host Schools must provide details of all costs in their course information held on the WASSN website (www.wats.sa.edu.au) so that Home Schools and students/parents/caregivers are aware of these costs when students apply for courses. Specific GST information must also be included in this information. Host Schools are responsible for keeping this information up-to-date.

Host Schools may send invoices to Home Schools after the second week of a program. There will be no refunds for students who withdraw after invoices are issued. However, the Home School, may fill a vacant position with another student from that school (in negotiation with the Host School).

Some courses may be available under the Training Guarantee for SACE Students (TGSS), if delivered by an RTO approved to deliver under WorkReady to school students and available on the Subsidised Training List (STL). This will be detailed in the course information if applicable. When applying for TGSS, an Education and Training Plan (Form A) must be completed for each student and forwarded to the RTO. Proformas and other relevant documentation can be downloaded from the WorkReady website: www.skills.sa.gov.au.

8 TIMETABLING
Regional VET programs will commence in week 2, term 1 (unless otherwise stated in the course information). Host Schools will minimise travel for Regional VET students as much as possible. It is preferred that Regional VET programs have one face-to-face session per week, preferably on Wednesdays or Fridays. Host Schools will plan for flexible delivery methods, eg twilight programs and eLearning opportunities to reduce the travel demands for students.

Host Schools will publicise days and times of programs with regional marketing materials (prepared during term two the year prior), so that Home Schools can counsel students appropriately. In some cases, days and times may change due to timetabling and staffing. Host Schools are responsible for notifying...
students/parents/caregivers and Home Schools of any changes to days and times published, and keeping their course information on the website up-to-date.

Home Schools will ensure that students are not disadvantaged by participating in Regional VET Programs by having a supported learning pathway (ie providing subject counselling, flexible timetables and support structures).

9 INVOLVEMENT OF NON-MEMBER SCHOOLS
Non-member schools in Western Adelaide are invited to participate (offer and access programs) in our Regional VET Programs. These schools currently are:

- Immanuel College
- Nazareth Catholic College
- Sacred Heart College
- St Michael’s College
- Mount Carmel College
- Portside Christian College
- St George College

These schools may participate according to the following principles:
- They adhere to these Guidelines, as endorsed by the Western Adelaide Secondary Schools Network (WASSN).
- They contribute to the management of our Regional VET Programs by paying an annual fee to contribute to the administration costs. This fee is to be determined on an annual basis (based on budgeted operating costs), and will consist of a base fee for all schools, plus a fee per course offered (hosted).
- DECD Western Adelaide students are given priority to programs DECD schools host.
- Programs are advertised to these schools via the WASSN website (www.wats.sa.edu.au).
- These schools are invited to advertise their programs to our students using the marketing processes established (ie brochures and website). They are also invited to purchase brochures to advertise programs to their students.
- These schools are responsible for the Duty of Care of DECD students participating in Regional VET Programs they host.
- DECD schools are also responsible for the Duty of Care of non-DECD students participating in Regional VET Programs they host.

10 REGISTERED TRAINING ORGANISATIONS (RTOs)
Host Schools will ensure that written documentation (using DECD VET Guidelines for Government Schools) is developed with RTOs delivering regional programs on their behalf (part or full delivery). This covers the responsibilities of the RTO in relation to enrolments, course delivery, resulting, reporting, duty of care, privacy of information etc. This documentation includes:
- VET in Schools Auspicing Partnership Agreement (with a non-government RTO): used when the school is doing part or all delivery of a course.
- VET in Schools Purchasing Contract (with a non-government RTO): used when the RTO is delivering part or all of a course.
- VET in Schools Memorandum of Administrative Arrangement (MAA) (with a government RTO, eg TAFE SA or DECD school): used when a government RTO is delivering part or all of a course.

RTOs are responsible for the Duty of Care of students participating in Regional VET Programs at their site. These RTOs must meet DECD Duty of Care requirements and must demonstrate that they have insurance and their own separate set of duty of care liabilities (included in written documentation).

RTOs delivering courses for Host Schools must provide proof that all persons responsible for or involved in the provision of the services under the contract have a current and satisfactory relevant history screening from the authorised South Australian Government Department Screening Unit. The Department for Communities and Social Inclusion (DCSI) Screening Unit is authorised under the Children’s Protection Regulations 2010 to conduct Child-Related Employment Screening for people who work with children and young people. RTOs must provide copies of the trainer/s current Child-Related Employment Screening to the Host School prior to any contact with students. Please see http://www.dcsi.sa.gov.au/services/screening.

If students are going to the RTO site for the training (ie not at the Host School), the Children’s Protection Act 1993 requires all organisations providing health, education, welfare, sporting or recreational, religious or spiritual, child care, or residential services wholly or partly for children to develop policies and procedures to create and maintain a safe environment for children and young people.

As part of its obligation to establish and maintain a child safe environment, an organisation (including RTO) must:

- have in place appropriate child safe policies and procedures.
- conduct child related employment screening for people who work with or in close proximity to children or their records in prescribed positions.
- lodge a statement about its child safe environment policies and procedures with the Department for Education and Child Development.

11 STUDENT TRAVEL TO AND FROM REGIONAL VET PROGRAMS

Parents/caregivers are responsible for ensuring students have appropriate transportation to and from Host Schools and RTOs. Home Schools may be able to support the transport arrangements and costs of their students travelling to regional programs (eg providing public transport tickets, taxis, buses as appropriate).

Travel in private vehicles is at the driver and passenger’s own risk and requires parent/caregiver permission when students are under 18 years of age (drivers and passengers) and travelling with another student. Third party bodily and property insurance is a minimum requirement. Home Schools are responsible for ensuring that parent/caregiver permission is in place for students under 18 years (by using the Travel in Private Vehicles form provided on the WASSN website – www.wats.sa.edu.au).

12 REGIONAL PLACES

25% of places in programs run by Host Schools are to be held for regional enrolments. Host Schools can ‘top up’ courses with their own students if regional places for the following year are not filled by week 6, term 4. Host Schools will consider creating extra classes if courses fill up (subject to school capacity (human and physical resources)).

13 MARKETING

Marketing is managed by the Career Pathways Manager. Marketing procedures include:

- WASSN Website (www.wats.sa.edu.au). This provides detailed course information, enrolment information and resources for teachers, VET Leaders and teachers.
- Schools in the region include information about Regional VET Programs in their senior school course handbooks, summarising programs offered, and linking to the website for more information.
- Brochures are printed and distributed to schools at the beginning of term 3 to use as a marketing tool with year 9, 10, 11 and FLO students (ie year 10, 11 and 12 the following year), parents/caregivers and the community. Schools contribute to the cost of brochures based on the number of brochures they order. The brochure is also available for download on the Trade School website.
- A worksheet/lesson plan is delivered in all Personal Learning Plan classes based on the website and brochures (student investigation into Regional VET Programs and School-Based Apprenticeships).
- All Home Schools take an active role in marketing regional programs to their students and parents/caregivers, and inserviceing of staff and course counselling teams.

14 TALENT RELEASE
Home and Host Schools providing student images, comments and/or work samples for use in Regional VET marketing, must ensure that consent is gained in writing by parents/caregivers (if under 18) and the student (if over 18). This covers permission to use the likeness, image, voice, performance and/or creative work of students and children. The DECD forms can be downloaded from:

Consent Form - Use of Images, Video, Work (Adult) (124KB PDF)
Consent Form - Use of Images, Video, Work (Child) (124KB PDF)

15 ONLINE REGIONAL VET MANAGEMENT SYSTEM (WebVET)
An online VET management system (WebVET) is used for managing Regional VET enrolments and classes: http://wats.eschoolsolutions.com.au. Participating schools contribute to the annual license cost for this software.

WebVET assists in the management of:
- Course information (curriculum)
- Student applications
- Producing letters to students for interviews, information sessions and other notifications
- Acceptance/Non-Acceptance into programs
- Cancellation of courses
- Creation and management of class lists
- Recording student attendance, competencies and Structured Workplace Learning
- Assessment/reporting each term
- Current and historical data about applications and enrollment in courses

To ensure the efficient operation of Regional VET Programs, all Home and Host Schools have an obligation to meet the WebVET timelines and requests from the Career Pathway Manager.

WebVET is used across the region by the Career Pathways Manager, Regional VET SSO, VET Leaders, VET SSOs and Regional VET Teachers/Trainers. The Career Pathways Manager is the administrator of the system and is supported by the Regional VET SSO to manage the day-to-day operations of the system.

16 STRUCTURED WORKPLACE LEARNING (SWL)
SWL forms an important component of Regional VET Programs to allow students to learn ‘on-the-job’ as well as ‘off-the-job’. The driving principle for any decisions made by school staff in relation to workplace learning always puts the student’s safety and welfare as the prime consideration. In exercising due diligence in relation to their duty of care, all schools must take a risk minimisation approach for each student participating in a workplace learning placement.
To support this:

- Home Schools must follow the WPLG Procedures to ensure that all obligations are met, as the checklist for schools is available on the WASSN Website [www.wats.sa.edu.au](http://www.wats.sa.edu.au)
  - prior to the work placement – Record details of Workplace Providers and they have been provided with a copy of “A Guide to Workplace Learning for Workplace Providers”. Schools have liaise with workplace provider. Conducting risk assessments for each student. Workplace Preparation is completed including minimum 5 hrs of OHS, EEO & Child Protection. Workplace Learning form is completed.
  - during the work placement – Visiting teacher or staff member has a duty of care and must visit or make telephone contact with every student at least once during work placement. Documentation as evidence.
  - after the work placement – Schools to provide an opportunity for students to discuss and reflect on work placements in the classroom, how it relates to curriculum and where appropriate incorporate it as part of assessment. Keep documentation, and undertake an evaluation of the program and provide feedback to those involved.
- As per the Procedures, the students’ Home School is responsible for all aspects of managing workplace learning for their students. However, if a student is undertaking a VET program at another school, it is also recommended that during the placement, the Host School VET teacher/trainer visit and/or make contact with the student and workplace provider, as well as make contact with the workplace provider prior to the placement to inform them of the aims of the placement and to discuss the suitability and safety aspects or proposed work tasks.
- Students participating in the Training Guarantee for SACE Students (TGSS) must undertake a minimum of 140 hours of relevant workplace learning. This must be documented using the TGSS Workplace Learning Logbook. Host Schools will support students to obtain and complete relevant work placements, and support students in completing their Logbooks.
- Host Schools have a responsibility to assist students to find suitable placements, and to communicate all details to the Home School in a timely manner.
- Home Schools ensure that all students requiring a DCSI History Screening (and National Police Check if required by the workplace) for work placement have this arranged in a timely manner (suggested to occur in term 3 the year prior to the course commencing).

17 SELECTION PROCESSES

Host Schools and Registered Training Organisations may conduct a selection process for their program/s to ensure that students have:

- Demonstrated capacity for independent learning and meeting the requirements of the program.
- Identified relevant interest and/or experience in the program.
- Commitment to a post-school pathway in this area.

This could be in the form of an interview, written application, information session, or other appropriate process.

18 UNIQUE STUDENT IDENTIFIER

All VET students in Australia need a Unique Student Identifier (USI). For more information, please see [https://www.usi.gov.au/](https://www.usi.gov.au/). Home Schools need to ensure that their VET students have a USI so that these can be provided to Host Schools/RTOs when requested. Home Schools should also record USIs for their students in EDSAS. Host Schools should also ensure that all students enrolled in VET courses have a USI so that it can be provided to the RTO when requested, so that student results can be processed.
19 RESPONSIBILITIES OF HOST SCHOOLS
The responsibility of Host Schools is to:

- Evaluate courses offered on an annual basis.
- Keep all course information in WebVET up-to-date.
- Ensure that Quality Assurance procedures are undertaken, including VET agreements, Workplace Assessor and other qualifications, course delivery, assessment and other requirements of the RTO and the Australian Skills Quality Authority (ASQA).
- Offer subsequent classes if courses fill up.
- Conduct a selection process, which may include written applications, interviews, information sessions or other selection procedures.
- Inform student applicants, of successful and unsuccessful student applications according to published timelines, including information regarding starting dates, day and time, dress code, equipment, location etc (using letter provided in WebVET).
- Ensure that teachers/trainers of regional programs and administration staff have a copy of student application forms, emergency contact details, talent release, travel in private vehicles and student guidelines for conduct (using forms provided).
- Ensure that students are inducted into Host School/Registered Training Organisation procedures, eg emergency evacuation/Work Health and Safety procedures, break times, canteen procedures, toilets and other organisational matters.
- Issue invoices to Home Schools (and students/parents if applicable) as per information published in their course Information.
- Provide Duty of Care while the student is in attendance at the Host School/Registered Training Organisation.
- Provide Home School with absenteeism information on the day of absence (using Absence Notification form or phone call to Home School).
- Update student records in WebVET weekly – attendance, competencies and SWL.
- Notify the Regional VET SSO when students withdraw from a course, new students commence, or if there are any course information changes.
- Liaise with Home School regarding student behaviour, attendance and learning in order to resolve/manage issues as early as possible: the final outcome regarding the discipline of a student should be negotiated between the Home and Host School/Registered Training Organisation.
- Provide Progress Reports for each student once per term through WebVET, according to the timelines set.
- Support students to find suitable work placements, and communicate all details to the Home School in a timely manner.
- Ensure that students have a Unique Student Identifier (USI), and provide this number to the RTO.
- Enrol students with, and submit results to, the RTO.
- Provide the student and the Home School with a copy of the VET Statement of Results/Certificate from the RTO to meet SACE Board resulting timelines.
- Provide information regarding courses, enrolments, outcomes and student destinations/transitions to the Career Pathways Manager as requested.
- Ensure that timetabling of courses provides opportunity for students to easily access the program (including travel time).

20 RESPONSIBILITIES OF HOME SCHOOLS
The responsibility of Home Schools is to:

- Market and promote programs to students.
Western Adelaide Regional VET Programs 2018 Guidelines

- Counsel students into programs as part of the annual course counselling process, taking into account SACE information and student timetables.
- Enter student applications into WebVET according to published timelines.
- Gain parent/caregiver consent for students to participate in Regional VET Programs.
- Support students to undertake regional programs, e.g., support with selection processes, transport, dress requirements, equipment required, behaviour expectations, liaison with parents/caregivers, completion and signing of forms etc.
- Provide Host Schools with application forms, emergency contact details, talent release, travel in private vehicles and student guidelines for conduct (using forms provided).
- Pay invoices from Host Schools according to the instructions contained in the invoice.
- Ensure that students and parents/caregivers are informed of all details regarding their course chosen.
- Keep records of students participating in regional programs, and provide information to teachers and parents/caregivers as necessary.
- Ensure that students have a Unique Student Identifier (USI), and provide this number to the Host School so that they can then provide it to the RTO.
- Liaise with Host Schools regarding student behaviour, attendance and learning in order to resolve/manage issues as early as possible: the final outcome regarding the discipline of a student should be negotiated between the Home and Host School.
- Use WebVET to monitor student attendance and progress (i.e., competencies achieved and SWL sessions completed).
- Ensure that Departmental Workplace Learning Procedures are followed for any student work placements.
- Ensure that all students requiring a DCSI Relevant History Screening (and National Police Check if required by the workplace) for work placement have this arranged in a timely manner (it is suggested that this process commences when students apply for the course in term 3 the year prior).
- Provide information regarding courses, enrolments, outcomes and student destinations/transitions to the Career Pathways Manager as requested.
- Ensure that students are not disadvantaged by participating in regional programs (i.e., providing flexible timetables, teacher support etc.).
- Enrol and result students in the Department for Education EDSAS reporting system and the SACE Board Schools Online reporting system.

21 PRIVACY

Home Schools, Host Schools and Registered Training Organisations will ensure that student personal information is kept confidential and used only for the purposes of enrolment, student wellbeing and course resulting. Permission must be gained from parents/caregivers (or student, if over 18) for students to be involved in any promotional materials or documentation (including photos, video or printed text).
## TIMELINES

The timeline on the following pages is a term-by-term guide to the annual tasks and responsibilities for Western Adelaide Regional VET Programs operations.
