What is Vocational Education & Training (VET)?

VET refers to national vocational qualifications that are endorsed by industry. VET qualifications provide students with the opportunity to develop specific industry related skills. Students with a VET qualification are well prepared to take on apprenticeships (including School-based Apprenticeships).

What are Regional VET Programs?

Regional VET programs provide Senior School students in Western Adelaide with increased vocational pathway options through a broad range of VET program choices. Regional VET programs are hosted by schools & Registered Training Organisations (RTOs). Students remain enrolled at their Home School & attend the Host School or RTO for their chosen VET program.

Will I have to pay to participate in Regional VET?

Department for Education schools in WASSN will subsidise the training cost for students if the course is part of the student's genuine career pathway & SACE. Please check the level of subsidy with your Home School. All student costs for courses can be found in the detailed course information at: www.wats.sa.edu.au

Please note: For schools outside of the member portfolio as per WASSN Policy, there will be an administration fee of \$100 per student, to be invoiced to the Home School by WASSN.

Who can I speak to about a Regional VET Program?

Please contact your Home School VET Leader for more information and due dates for forms.

How do I apply for a Regional VET Program?

- STEP 1:** Go to www.wats.sa.edu.au for detailed course information for the course/s you are interested in.
- STEP 2:** Fill out the **Student Expression of Interest, Commitment to Pay, Code of Conduct & Media Consent** forms and hand to your VET leader (see your VET leader for the due date)
- STEP 3:** You will be provided with more information about the course from the Host School, including selection & enrolment procedures, which may include an interview.
- STEP 4:** Applicants will be advised of the enrolment outcome early in term 4.
- STEP 5:** Applicants may need some further subject counselling at their Home School to ensure that VET programs are included in their SACE & timetable.
